## PLACING A UNIT ORDER – SCOUT ORDERS (TAKE ORDER)

For the Take Order, some Councils may require unit leaders to enter the amount of each product sold for each selling Scout in their unit. Scouts can be entered into the Trail's End system two ways:

1. Scouts register an account at Trails-End.com and choose your unit to support.
2. Unit Leader creates a new Scout for the Scouts that do not have a registered account.

## SCOUT MANAGEMENT

1. Click on the Scouts tab
2. Scouts with registered online selling accounts affiliated with your unit will already be in the Scout list
3. To create a new Scout, click the New Scout button, and enter the Scout's first and last name
4. Use the edit and delete buttons to maintain your Scout list

A screenshot of a web application interface for Scout Management. The top navigation bar is dark blue with the text "Order Testing Unit" and "unit" below it. Below this is a horizontal menu with tabs: "DETAIL", "CONTACTS", "SCOUTS", "SCOUT ORDERS", "UNIT ORDERS", and "COMMISSIONS". The "SCOUTS" tab is highlighted with a red circle. Below the menu is a table with a "New Scout" button and an "Export to Excel" button, both also circled in red. A red arrow points from the "New Scout" button to a modal form titled "Scout". The modal form has two input fields: "First Name:" and "Last Name:". At the bottom of the modal are "Cancel" and "Submit" buttons. The background of the interface is a light gray with a table of scout entries, including "Example Scout 1" and "Example Scout 2".
