ATLANTA AREA COUNCIL
BOY SCOUTS OF AMERICA

Prepared. For Life.

Ask anyone what they think of when you say “Scouts” and the vast majority will mention camping and the outdoors. Bert Adams Scout Camp was built to create a summer camping program that is fun, adventurous and an incredible learning experience with modern facilities.

Experienced Leadership

80 trained and dedicated staff members direct activities and facilities, providing one of the best Scouting experiences in the country.

Aquatics

Bert Adams Scout Camp gives you plenty of opportunities to cool off by the lake or in our swimming pool. Try your hand at SCUBA, the mile swim or our aquatics obstacle course!

Ride, Don't Run

It's easy to get to all 1,411 acres of Bert Adams Scout Camp by bicycle. Scouts and leaders are encouraged to bring helmets and bikes to ride between classes and activities.

Shooting Sports

There's no extra charge for shooting at our rifle, archery and our improved shotgun ranges. Merit Badges and open shooting are available at our ranges throughout the week.

Enjoy our Modern Amenities

Eat your meals in our air conditioned dining hall. Stay connected with our WIFI-enabled leader's lounge. Recharge your batteries with built-in electricity in most campsites.

Rawhide First Year Camper Program

This structured program for first-year campers focuses on rank advancement and building the skills to help them get the most out of their Summer Camp experience.
