

How to Make Homemade Bubbles

JEAN VAN'T HUL

INGREDIENTS

- 4 cups warm water
- 1/2 cup sugar
- 1/2 cup blue Dawn dish soap

INSTRUCTIONS

Step #1. Whisk the sugar into the warm water until the sugar dissolves.

Step #2. Whisk in the soap.

Step #3. Let sit.

This step is only if you have some patience or think to make the solution ahead of time. Letting the homemade bubbles sit for a couple of hours or even overnight helps them work a bit better but is not strictly necessary.

Wand Ideas:

- Pipe cleaner made into a wand
- Make a hole at the bottom of a cup
- Hanger
- Wire
- Straw
- Washer
- Use your imagination
