

Paws on the Path

Wolf | Required

HOME SCAVENGER HUNT

Scouts will find the 6 Cub Scout Hike Essentials: (1) First Aid Kit, (2) Water Bottle, (3) a working Flashlight, (4) Trail Food/ Mix, (5) Sun Block, (6) a Whistle PLUS (7) a Capri Sun/ juice box, (8) fruit snack, and (9) a NON-working flashlight. Tell what 6 they should bring and why. They can eat whatever they don't bring!

DISCUSSION

Explain how having a buddy keeps scouts with the group and is helpful when a scout gets hurt

ROLE PLAY

Have fun with your scout! Put on a heavy coat in the middle of the summer and ask them, "should I wear this on our hike?" Put on gloves and ask them "should I wear this on our hike?" Get them to ask you "where are we going" and "when are we going". Leadership is about planning ahead and scouts plan for what is, what will be, and what COULD be. BE PREPARED.

OUTING IN SCOUTING

Paws on the Path teaches scouts to be prepared, and in particular prepared for a hike. Whether your hike is 1-mile to your mailbox and back, to the front of the neighborhood and back, on the trail at your favorite park, or hiking trails like Raven Cliff Falls Trail in the Chattahoochee National Forest, any of these will complete the requirement.
